## Wireless Water Sports Communication System

### SkierAlert® XP

Faster...Slower...Turn Around...  
It's Time To Give Your  
Thumb a Rest...

## Enjoy Your Freedom™

# SkierAlert® XP • Wireless Water Sports Communication System

*How many times has your relaxing day of water sports been ruined by miscommunication with your skier in-tow?*

*"I SAID FASTER!" ... "NO, YOU SAID SLOWER!"  
"ARE YOU READY?" ... "NO" ... "DID HE SAY GO?"  
Sound Familiar???*

NorCross®, the innovator of wireless marine electronics, is proud to introduce the world's first Wireless Water Sports Communication System. The SkierAlert® XP utilizes patented MarineLink® Technology to make communication effortless with the Skier, Wakeboarder, Tuber, etc, giving you the freedom and relaxation that you deserve.

**To Use:** Attach the display to the dash, using its integrated suction cups. Attach the handle to your main tow line and jump in the water. The handle automatically turns on when it touches the water, so you're ready to go!
